BLUELIFT SA11

- Self-levelling for ease of setup
- Extremely Compact transport dimensions
- Width adjustable tracks for manoeuvrability
- 240V Electric or 110V
- Able to pass through single doorway
- Able to fit in most goods lifts
- Non marking tracks
- Under 1.5 tonne in weight

MEASUREMENTS	METRIC (M)
Working Height	10.73m
Platform Height	8.73m
Lateral Outreach with 120kg	6.m
Safe Load in Cage	230kg
Cage Rotation	180°
Range of Rotation	340°
Cage Dimensions	1.4 x 0.7 x 1.1m
Removable Cage	Yes
Length in Traveling Position With Cage	3.7m
Length in Traveling Position Without Cage	2.99m
Width in Traveling Position With Cage	1.42m
Width in Traveling Position Without Cage	0.78m
Height in Traveling Position	1.94m
Weight	1,480kg
SET UP POISTIONS	
Width Standard	2.53m
Length Standard	2.81m
Climbing Ability	16°
Set Up Ability	5°
Maximum Point Load	12,013N
Load on 400mm Pads	7.51 N/m ²
Load on 600mm Pads	3.34 N/m ²
Live Load in Set Up Position	2.22 N/m ²
Traffic Live Load	5.03 N/m ²
Adjustable Tracks Height/Width	780-1090mm
Drive Control	Radio Control
Drive Speed	1.5km/h
