HINOWA 26.14

Working height of 25.7m

Outreach of 13.6m

The Hinowa 26.14 gives its users a large working area and the ability to work flush up a wall with simplicity and precision

Fast travel and boom speed plus a terrain monitoring system to ensure safe tracking on varying ground conditions

Fully automatic stabiliser deployment

Levelling and retraction

Among the highlights are the 25.7m working height

13.6m outreach

230kg capacity on the entire working diagram

Extraordinary performances enclosed in a compact machine of only 990mm width (increasable of 50% up to 1490 mm for an enhanced lateral stability) and less than 6 m length thanks to the detachable cage

This is the highest Performance IIS model ever built, and created from the joint requests of the tree care, facility management and rental fields

MEASUREMENTS	METRIC (M)
Working Height	25.7m
Horizontal Outreach	13.6m
Machine Width	0.99m
Total Weight	4,365kg
Lift Capacity	230kg
Basket Dimensions	1335x690x1100mm
DIESEL ENGINE	
Brand	Kubota
Type	D902
Pistons and Displacement	898cm ³
Max Gross Power	21.6HP – 16.1Kw
Setting	3200rpm
Electrical Start	12V
Translation System/ Outrigger Pressure	185bar
Aerial System Pressure	200bar
Widening System	900/1490mm
Max Upper Slant	16°/28.7%
Max Wind Speed	12.5m/s
